WIHA WIRE-END SLEEVES DISPLAY

Description

Without an organised storage system, wire-end sleeve are usually scattered around the vehicle or storage area. This means that electricians have a difficult time finding the suitable size. The display ensures the secure and clearly structured storage of your wire-end sleeves. It is easy to set up and requires only a few steps to be ready for use in the storage area or workshop. This gives users permanent access to the most popular sizes from 0.5 - 10 mm² and allows them to replenish their mobile assortment at any time. The most important information, such as colour variation or nominal diameter, are clearly displayed on the label. In addition, the system includes high-quality stackable organiser boxes with locking function to prevent accidental opening are ideally suited for mobile applications. The wire-end sleeve are manufactured in line with DIN 46229.

Application

Organised storage of wire-end sleeve. Optimally suited for replenishing the standard equipment for electrical installations.

Greutate:1625g
Pret: 0,00 lei (TVA inclus)
