**DAR LIGHTING GROUP PLAFONIERA NAKITA 6 LIGHT SEMI FLUSH
ANTIQUÉ BRASS WITH DIMPLED GLASS**

The Nakita 6 light semi flush ceiling light in antique brass and clear glass shades. The heavy glass pressed glass shades of the Nakita semi flush ceiling light have deep circular impressions giving a bubble light appearance that gives an interesting and beautiful lighting effect when on and still glistens in ambient light when off. The antique brass finish is becoming more fashionable in modern interiors but also can look at home in a more traditional setting. Being a low height means the Nakita 6 light semi flush ceiling light can be fitted where ceiling heights are low such as in modern houses. Perfect for living rooms, dining rooms or even bedrooms. If height is an issue we do a full range of Semi Flush Lighting which doesn't compromise on style. The Nakita 6 light semi-flush ceiling light takes a G9 lamp, we'd always recommend using one of our highly efficient LED lamps available in a warm 3000k temperature or a crisp cool white 4000k, take a look at our LED Lamps for the full range.
