**DAR LIGHTING GROUP PLAFONIERA COHEN 7 LIGHT SEMI FLUSH  
MATT BLACK OPAL GLASS**

The Cohen 7 light semi-flush ceiling light in matt black and opal glass is a more modern stripped down take on the sputnik chandelier popularised in the sixties when the space race was capturing the imaginations of designers and home owners alike. With the missions to mars and SpaceX activity recently we've been inspired to make a modern version of this classic we've chosen the matt black and opal glass to bring it in-line with current trends and make it easy to decorate with. It's small height lends it's self to modern houses where ceiling heights are often quite low, having seven lights means it has plenty of light when needed. Perfect for living rooms, dining rooms or even bedrooms. If height is an issue we do a full range of Semi Flush Lighting which doesn't compromise on style. The Cohen 7 light semi-flush ceiling light takes a G9 lamp, we'd always recommend using one of our highly efficient LED lamps available in a warm 3000k temperature or a crisp cool white 4000k, take a look at our LED Lamps for the full range. Measurements H27 x O54cm  
Fixing Plate Dimensions H2.5 x O10cm  
Finish Matt Black, Opal Glass  
Material Glass, Metal  
Cable Material Black  
Nett Weight (kg) 1 kg  
Pret: 1 448,88 lei (TVA inclus)
