### **IEK CUTIE METALICA SCHMP-6.6.2-0 74 IP54**

These empty enclosures are used for assembling different electric panels: power, control and automation ones. They allow mounting of electric equipment both belonging to module and basic types. Welded metal empty enclosures supplemented with a dismountable mounting panel. The door is equipped with a lock. The key has a unified security key. Empty enclosures with IP54 protection have a door sealing of two-component joint filler and a dust and moisture-resistant lock. High corrosion resistance.

High quality coating.

Universal key lock.

Set of additional accessories.

High performance and easy assembly.

Easy mounting.

Several color and paintwork variants.

High electrical safety.

Quality certificate. Degree of protection (IP): EV006419
