GIANNI is a classic lamp with visible influences of industrial design, which complements interiors decorated in Scandinavian and modern styles. It is a stylish element that is eye-catching but not overwhelming.

The variant with a grey lampshade and copper mount can be the focal point in any interior. When used above the dining room table, it is recommended to mount 2 pieces close to each other.

The lamp is suspended on an adjustable cord. This solution is especially appreciated by owners of rather low interiors.
