

## **WIHA TOOL SET ELECTRICIAN**

### Description

The 7-pc. tool set provides the basic kit for the most common applications for electricians. Featuring a zip, carrying handle and pockets for hand tools, the fully folding tool bag provides plenty of storage space and an orderly arrangement. The insulated SoftFinish® electric slimFix screwdrivers easily reach even low-lying screws and spring elements thanks to their very slim blades. Also insulated, the heavy-duty diagonal cutters with DynamicJoint® technology, a unique joint design for optimum hand force transmission, complete the equipment assortment in this tool bag.
