

STECA REGULATOR INCARCARE SOLSUM 8.8F 12-24V

Regulator incarcare Solsum 8.8F 12-24V

Tensiune 12V (24V)

Funcție zi noapte

Ideal pentru alimentarea lampilor stradale Elma80-12 in echipare cu panou fotovoltaic 240W max

Tensiune maxima IN 47V max 8A

Tensiune maxima OUT 14.4V (28.4V)

Dimensiuni 145x100x30

Displays

- Multifunction LED display
- Multi-coloured LED
- 4 LEDs show operating states
- for operation, state of charge, fault messages
- Automatic detection of voltage
- Voltage regulation
- PWM control
- Series controller
- Multistage charging technology
- Current compensated load disconnection
- Automatic load reconnection
- Temperature compensation
- Common positive or negative grounding on one terminal
- Monthly maintenance charge

Pret: 159,16 LEI (TVA inclus)
