

DAR LIGHTING GROUP LAMPA SUSPENDATA PELAGIA 18 LIGHT CLUSTER PENDANT POLISHED CHROME RIBBED GLASS

Arranged in 3 tiers of finely blown glass shades, the Pelagia cluster ceiling light is all about proportion. Inspired by the Jugendstil movement, where scale and proportion played a key role in the design process, clear ribbed glass shades add texture to punctuate an otherwise intentionally minimal design. The drop on the Pelagia lends itself perfectly to stairwells, but with the help of an electrician it can be shortened for more traditional usage above a table. Fitted with 3 metres of clear cable, due to the connection in the ceiling plate to shorten a confident qualified electrician will have to shorten and re-connect the cables in the ceiling plate.
