

**DAR LIGHTING GROUP VEIOZA LAVA DUAL LIGHT TABLE LAMP POLISHED
NICKEL VOLCANIC GLASS WITH SHADE**

The Lava dual lit table lamp is a beautiful hand crafted work of art in glass. The 'lava' effect glass I created by throwing iron filings into the molten glass, quickly cooling it in areas and shrinking the glass, causing cracks and scars, each one is unique. The mirror plated finish further enhances this effect. The lava table lamp is dual lit with a dual rocket switch, the base can be lit individually to the main lamp, this is perfect for creating two different moods with the same lamp, making the Lava table lamp perfect for the living room or bedroom. The Lava table lamp comes complete with a natural linen shade. Measurements H58 x O35cm
