

## IEK NEUTRAL BUS BARS IN COMBINED DIN-IZOLATORS OF "BEARING" TYPE SHNI-8X12-6-KS-S

Neutral bus bars with SCHNI-type insulator are intended for electric and mechanical connection of neutral operating and protective conductors. Constructively, SCHNI buses are made of a latten alloy bus placed onto a plastic insulator made of self-extinguishing plastic. Standard exploitation conditions: - ambient temperature: from -40 to +50 C; - relative humidity: under 90%. The bus isolator is made of non-combustible materials.Rated current In: 125 Material: EV000149 Type of surface: EV006034 Number of conduit outlets: 6 Type: IEK V0000121 Nominal voltage: 400 Max. conductor cross section: 16/16 Ambient temperature: -40...50 Width: 78 Height: 34,5 Depth: 25 Number of buses: EV000599 Model: EV000154 Pret: 8,66 LEI (TVA inclus)
