

## IEK TINNED CUPRU PIN TERMINAL NVI-T 5.5-5 4-6MM (100 PCS.)

Using NVI fork-type tips is preferred when it is necessary to introduce operative changes in electrical connections as in this case there is no need for a total dismounting of tie-down. Weakening the screw fixation is enough. Correspond to EN 60998-1, EN 60998-2-2. When installing the lugs of ISL it is not required to perform a complete dismantling of fasteners, the screw fixing should be just loosened. Lugs are available in three standard colors (red, blue, yellow). Each color corresponds to a specific wire section range.Internal size of connected parts: 5.3 Ambient class: IEK V0000067 Material insulation: EV000154 Material: EV000149 Bolt dimension metric (M..): -External size of connected parts: 9.0 Nominal voltage: 600 Nominal cross section: 4...6 Nominal rated current: 49 Total length: 26.3 Ambient temperature: -40...105 Thickness of a contact part: 1.0 Flange shape: EV003886 Colour insulation: EV000234 Pret: 127,20 LEI (TVA inclus)
