

**GTV SPOT - CEILING FIXTURE DRAGO, MAX 60W, E27, AC220-240V, 50-60HZ, IP20, 133 \* 148MM, GRAY**

Ceiling fittings in a bucket style do not lose their popularity and we can find them almost everywhere: at homes, in shops, offices, hotels, or public buildings. It all happens due to the timeless design, proven and reliable structure and availability of a few colour variants.

Drago is the fitting with a built-in E27

socket. Thanks to this solution, the user can choose a light source with the power and colour temperature that suits him best. If a change is needed, because it is too dark for example, you only need to replace the light source but not the entire fitting, which is much cheaper option. Solid reliable structure;

Timeless design;

Simple mounting;

3

years warranty. Material aluminium/cast iron

Base type E27

Producent code OS-DRAGO14-80

Pret: 0,00 LEI (TVA inclus)
