

GTV LAMPA TAVAN - CEILING FIXTURE EVI,4410, AC220-240V, 50/60 HZ, GU10, MAX.40W , IP20, ALUMINUM, SINGLE, BLACK

The lamp meets the tastes of lovers of modern style, primarily focused on modernist solutions. The conical shape of the lamps is gaining popularity and complements the offer of suspended tubes.

The EVI ceiling luminaire is the perfect addition when designing a living room, kitchen, or dining room – it looks great over a kitchen countertop or table. The unconventional, slim shape of the lamp performs a decorative function even with the lights off.

The lamp is made of aluminium, which guarantees long-term use. A characteristic element of the EVI luminaire is a

golden reflector harmoniously combined with the black, matte finish of the outer part of the lamp. This solution is eye-catching and adds a

unique character to the interior. The aluminium lampshade is the perfect match with modern style;

The long and slender conical shape captivates with its simplicity and wonderfully illuminates key details, while not disturbing the entire interior of the apartment;

The black colour with a

golden accent adds luxury and refined elegance to any home – shades of gold are an element that attracts the eye and enlivens the interior;

Meticulous workmanship guarantees long-term use;

Medium-sized luminaire for one light source, GU10
