GIANNI is a classic lamp with visible influences of industrial design, which complements interiors decorated in loft style. It is a

stylish element that is eye-catching but not overwhelming.

The completely black variant of the product is the focal point of any interior. When using this lamp in a high interior, it is recommended to install several lamps symmetrically apart.

The lamp is suspended on an adjustable cord. This solution is especially appreciated by owners of rather low interiors.

GIANNI with a

cm diameter lampshade is also the favourite of owners of shops and restaurants.
