

GTV LAMPA TAVAN - CEILING FIXTURE GIGLAS,8013,AC220-240V,50/60HZ,1*E27, IP20, DIAMETER 20 CM,SINGLE, GOLD

Arranging the interior in a minimalist style with keeping a warm homely atmosphere will not be so difficult if GIGLAS lamp will be used to illuminate it. A spherical glass lampshade calls for a filament bulb with a warm light colour. Our recommendation is the range of 2700-3000 K. The most interesting arrangements can be obtained by hanging a few lamps side by side.

Giglas lamp will look perfectly in minimalist, industrial, and modernist interiors – subdued colours and simplicity of form will also work well in Scandinavian and loft arrangements. The glass lampshade matches perfectly minimalist and modernist styles;

Light, fashionable design;

Golden finish that warms the decor of austere interior;

It creates a

perfect combination with the filament light source

Middle size lamp for one E27

light source – the diameter of the lampshade is 20

cm. Power of light source or device max.40 W

Voltage 220-240 V

Material metal + glass

Base type E27
