

**GTV LAMPA TAVAN - CEILING FIXTURE LORET L,9790,AC220-240V,50/60HZ,1*E27,
MAX.40W, DIAMETER 34,8 CM,IP20, SINGLE, GREY**

LORET fixture is a very successful combination of a modern view of the world with industrial design from the end of the 20th century. LORET matches raw interiors in industrial and loft style with exposed structural elements of the building. Due to its colours, the fixture is extraordinary, it catches the eye and gives the interior a unique character. The timeless combination of grey and brass can be successfully used in rooms with walls made of red brick or raw concrete. Careful workmanship with attention to every detail and the very high quality of the materials used cause that LORET fixture can be used not only at home, but also as additional lighting in commercial projects such as hotels, pubs, cafes or restaurants. It is worth stressing that the high quality of the materials used and attention to detail will meet the expectations of very demanding customers. The length of the fixture can be adjusted by shortening the power cable. Any bulb with E27 socket can be used as a light source. The lampshade is so deep that it can successfully accommodate Filament with the diameter of 125 mm. Metal lampshade perfectly matches rooms in modern style; The possibility of adjusting the length of the fixture; Never going out of style grey colour in combination with brass emphasizes the sophisticated beauty of LORET fixture – brass shades bring elegance to the interior, they catch the eye and revive the space; Careful workmanship guarantees long-term use; Middle size fixture for one light source – the diameter of the lampshade is 34,8 cm.
