

GTV LAMPA TAVAN - CEILING FIXTURE LORET L,9844,AC220-240V,50/60HZ,1*E27, MAX.40W, DIAMETER 34,8 CM,IP20, SINGLE, WHITE

LORET fixture is a very successful combination of a modern view of the world with industrial design from the end of the 20th century. A large white lampshade, with a diameter of almost 35 cm, is perfect for lighting a table in a dining room or a kitchen island.

Owners of colonial style houses with rattan furniture, wooden stucco and fabric decorations on the walls will love the fixture. White colour of a lampshade is timeless, it adds elegance to the interior and brightens it. In light, spacious rooms it creates a coherent composition, while in dark ones it occurs as a contrasting accent.

The length of the fixture can be adjusted by shortening the power cable. Any bulb with E27 socket can be used as a light source. The lampshade is so deep that it can successfully accommodate Filament with the diameter of 125 mm.

The high quality of the materials used and attention to detail will satisfy the expectations of very demanding customers. Metal lampshade perfectly matches rooms in modern style;

The possibility of adjusting the length of the fixture;

Timeless, always fashionable white colours;
