The lamp will appeal to the taste of modern style lovers, dominated by modern solutions. The metal composition is in the form of a circle and can fit up to 3 light sources.

The lamp is perfect for arranging a living room, kitchen or dining room. It is also a perfect solution in a

corridor or small bedroom. It wonderfully refreshes the arrangement and adds lightness. It is a subtle decoration that does not dominate the rest of the furnishing.

However, home is not the only place where MARISA can please the eye. It can be successfully used in commercial spaces, such as restaurants and cafes, finished in a modern style.

A characteristic element of the MARISA luminaire is a lampshade with tapered, horizontal clearances. With the numerous cutouts, the light can freely come out. In lamps where the light source is visible, it is best to use a FILAMENT-style bulb that combines advanced LED technology with beautiful decorative lighting. The modern shapes of bulbs in this style are a decorative element even with the lights turned off.
