

GTV LAMPA TAVAN - CEILING FIXTURE MAVIA ,0931, AC220-240V,50/60HZ,1*E27, IP20, DIAMETER 20 CM,SINGLE, BLACK

Due to the variety of colours, MAVIA will appeal to the taste of teenagers, which can be really complicated. It is worth matching the new decor with the preferences and interests of the young person and making sure that a

planned arrangement does not get boring too quickly. The final effect should be adjusted to the character of a teenager, original and functional at the same time – enabling comfortable rest and learning.

The austerity and harmony of a

modern style are subtly complemented by golden details, giving the rooms a

special sophistication. The golden colour matches harmoniously many interior design trends. In combination with black outer surface of the lampshade, it will be an elegant addition to almost any room. Fashionable and elegant combination of black and gold;

Universal addition to most rooms;

It allows you to break the austerity of a modern style;

Middle size lamp for one E27

light source – the diameter of the lampshade is 16 cm. Power of light source or device max.40 W
