

GTV SPOT - CEILING FIXTURE MILO,4755,AC220-240V, 50/60 HZ, 2* GU10, ES111,IP 20 , RECESSED, FRAMELESS BLACK

The frameless recessed ceiling lamp is a very functional solution found in modern arrangements. The geometric form of the luminaire adds interior expressiveness and makes the space unique and intriguing.

The two-point black luminaire, owing to its appearance and style, fits perfectly into the living room, dining room, kitchen, corridor. It is also a good match in commercial premises, such as office buildings and restaurants. The use of this type of lighting provides plenty of arrangement options, both in small and larger spaces. MILO can be installed individually or in series, to create effective light strips.

The light source with the GU10/ES111 thread is fitted in a movable head, which allows moving the light beam in any direction to illuminate a selected part of the room.

The lamp is made of high-quality steel, which guarantees long-term use. A lampshade made of high-quality metal perfectly blends in any fashionable modern style;

Adjustable head to illuminate a selected part of the room;

Geometric, rectangular, trendy shape;

Smart and fashionable black colour will match perfectly in any interior;
