

**GTV LAMPA TAVAN - CEILING FIXTURE VIELA 4,7047,AC220-240V,50/60HZ,1\*E27, IP20, DIAMETER 27,5 CM,SINGLE, COPPER**

VIELA is a

pendant lamp for modern forms in loft glamour style lovers.

Brass decorations have been gaining more and more popularity in our houses for several years. This colour is less shimmering than gold and more refined than silver, which makes it extremely original. Viela is a spherical, wire lamp covered with a

brass coating, polished to a high gloss. The lamp will perfectly harmonize with a filament light source with a warm light colour at the level of 2700-3000K.

The delicate form is suitable for both large and small rooms. The length of the lamp can be adjusted by shortening the cable. The best effect is obtained by mounting VIELA lamp in the living room or as a row of lamps separating utility zones in the apartment. Light form of wire ellipse, high gloss finishing;

Wire structure performs a decorative function even when the light is turned off – the openwork structure of the lamp exposes the bulb, therefore, LED light source model with decorative filaments will be perfect for the VIELA lamp;

Brass colour is the most fashionable in this season;

The possibility of adjusting the length of the lamp by shortening the cable.

Middle size fixture for one E27

light source – the diameter of the lampshade is 25 cm. Power of light source or device max.40 W
