Eranko lamp series – the harmony of nature in interiors.

Eranko lamp series is an extraordinary lighting collection made of natural materials that will bring warmth and harmony to your interiors. The inspiration for the name was the savannah. Eranko from the Yoruba language means “animal”. Its colours resembling a wild savanna burnt by the sun perfectly reflect the atmosphere of nature.

The pendant lamp from Eranko series will perfectly fit into various interior styles, such as Scandinavian, boho, eclectic or rustic. Thanks to the use of natural materials, the lamp creates a cozy atmosphere and introduces the charm of nature to the rooms. ERANKO pendant lamp will be perfect for a living room, dining room, bedroom or office.

When the light is turned on, the lamp casts beautiful shadows on the walls, which additionally emphasize its unique “animal” character. Each lamp in this collection is a
