

**GTV LAMPA TAVAN - CEILING LUMINAIRE MOUSE II, 2677, MAX.250V, 50/60HZ,
3*E27, MAX.25 W, IP20, AVG. 30 CM, PINK**

Mouse children's ceiling lamp is a proposal for lovers of a harmonious combination of refined functionality and original design that will enchant every little user, introducing a pinch of colourful magic to his room.

The ceiling lamp from the Mouse collection is a perfect design that will add colours to children's interiors and well-thought-out functionality, thanks to which every zone of the room will be illuminated. A three-point ceiling lamp with the possibility of adjusting the beam angle of light perfectly copes with the role of the main lighting. Choosing other models of lamps from the Mouse series, you will create complex main and zone lighting.

The pendant lamp in this refined line is available in as many as four colour options. Each young user can choose his type that will complement his space with charming colours: a combination of stylish gold with elegant black, delicate pastels – pink and blue, a characteristic marriage of blue with energetic yellow and saturated navy blue with yellow. A cheerful design that will complement joyful children's spaces.

Convenient functionality and the possibility to set the beam angle of light.

Refined design with attractive accents for the youngest.

Complex lighting for children's rooms in a modern style. Producent code OS-MOUS-20-DEC

Pret: 233,74 LEI (TVA inclus)
