WIRELESS CHARGING,USB,PF>0,5, RA>80, BLACK / GOLD**

Bressi is an elegant and functional solution closed in a modern form. The user can adjust the dimming level and colour temperature to the currently performed activity:

Cold – to work

Neutral – to learn and read

Warm – to relax

All functions are controlled by means of a touch panel located in a base.

Anyone who likes to fall asleep with the light on will appreciate the Timer function that delays turning off the light by 45 minutes.

Knowing that nowadays almost everyone has at least one mobile device, such as a phone, a

tablet, or headphones, we have not forgotten about necessity of charging them, so we have put an efficient induction charger and a

USB-A 5

V/1

A socket in the base.

The lamp is powered by standard mains voltage by means of the included power supply and 150 cm long USB cable. 5-step dimming adjustment;
