

USB cable. Stepless dimming adjustment;

## <u>GTV CORP DE ILUMINAT - VEIOZA GALE, 8 W,550LM,AC220-240V,5-CCT, 10 STEP</u> <u>DIMMING, PF>0,5, RA>80, WHITE</u>

Gale is a classic LED lamp enriched with a few modern features. A user can adjust a colour temperature to a currently performed activity: Cold – to work Neutral – to learn and read Warm - to relax The brightness of the light is set by means of a touch panel with smooth, stepless adjustment. An arm of the lamp can be adjusted in 3 planes, which in combination with a soft flicker-free light makes it possible to create comfortable conditions for human eyes. Anyone who likes to fall asleep with the light on will appreciate a Timer function that delays turning off of the light by 1 hour. You can also use a delicate bedside lamp built into a base. Knowing that nowadays almost everyone has at least one mobile device, such as a phone, a tablet, or headphones, we have not forgotten about necessity of charging them, so we have put USB-A 5 V/1 A socket in the base. The lamp is powered by standard mains voltage by means of the included power supply and 150cm long 3 colour temperatures to choose; Touch control panel; Timer that delays turning off the lamp; Bedside lamp function. Voltage 220-240 V Base type Led Producent code LB-GAL8W-00-DEC Pret: 0,00 LEI (TVA inclus)
