

GTV CORP DE ILUMINAT PENTRU EXTERIOR - KERTA-A GARDEN LIGHT, E27, MAX.12W, IP44, AC220-240V, 50-60HZ, SIMPLE WALL LAMP, TOP, GRAPHITE

A modern lamp in a loft climate. Perfect for people looking for impressive garden lighting. As a cover is transparent, filament light sources with an E27 thread are recommended to use. People who do not like filaments with visible LEDs can choose MILKY variant with a white bulb. Basket finished with delicate, oblique bars; A graphite colour of the fixtures looks great on the background of lush greenery. Replaceable light source allowing for an individual choice of power and colour temperature of the light. Power of light source or device Max. 12
Voltage 220-240 V
Material aluminium/cast iron
Producent code OS-KERT0UA-30
Pret: 0,00 LEI (TVA inclus)
