

**GTV CORP DE ILUMINAT PENTRU EXTERIOR - SIROLO LED LUMINAIRE 10W,  
1000LM, IP54, AC220-240V, 50/60HZ,4000K, BLACK**

The SIROLO LED facade luminaire is a modern and functional lighting solution. Characterized by geometric shapes, it blends in perfectly with modern architecture.

The luminaire is equipped with a 10 W light source, emitting neutral light with a color temperature of 4000 K, providing a brightness of 1000 lm. The luminaire has an IP54 rating, which means resistance to dust and moisture, which is crucial for outdoor use. In addition, it is adapted to work in a wide range of temperatures, from -20 to +35 degrees Celsius, which guarantees reliability and durability in various weather conditions. SIROLO is the choice for those who value aesthetics and functionality in outdoor lighting. Modern design : Geometric shapes that fit perfectly into contemporary architectural arrangements. Rugged and versatile : IP54 rated for outdoor durability, suitable for temperatures from -20 to +35°C. Product code LD-SIRO10WB-10
