Eranko lamp series – the harmony of nature in interiors.

Eranko lamp series is an extraordinary lighting collection made of natural materials that will bring warmth and harmony to your interiors. The inspiration for the name was the savannah. Eranko from the Yoruba language means “animal”. Its colours resembling a wild savanna burnt by the sun perfectly reflect the atmosphere of nature.

The table lamp from Eranko series will perfectly fit into various interior styles, such as Scandinavian, boho, eclectic or rustic. Thanks to the use of natural materials, the lamp creates a cozy atmosphere and introduces the charm of nature to the rooms. ERANKO table lamp will be perfect in a living room, bedroom, dining room or even in the office.

When the light is turned on, the table lamp casts beautiful shadows on the walls, which additionally emphasize its unique “animal” character. Each lamp in this collection is a real work of art that catches the eye and makes interiors original. ERANKO collection includes a pendant lamp, a table lamp and a wall lamp.
